CORE COMPETENCIES & SKILLS

- Technical Skills:**
- Feed Formulation & Nutrition
 - Feed Milling Operations & SCADA Control
 - Quality, Regulatory & Food Safety Compliance (ISO 22000, HACCP)
 - Inventory & Supply Chain Management
 - Operational Efficiency & OEE Monitoring
 - Safety & Biosecurity Management
- Professional / Leadership Skills:**
- Team Leadership & Staff Development
 - Strategic Decision-Making & Problem Solving
 - Budgeting, Cost Control & Waste Reduction
 - Data Analysis & Reporting (Excel / Power BI)
 - Effective Communication & Cross-Functional Collaboration.

WORK EXPERIENCE

Feed Mill Production Manager

Golden chicken Farms Company Saudi Arabia 10/2024 - Present

- Managing multiple feed production sites and overseeing a production capacity of up to 500,000 tons per year of broiler and breeder feeds.

Achievements:

- Participating in the design and construction of the company's new feed mill with a production capacity of 45 tons per hour, equipped with a premix system for automatic concentrate production, implementing the latest technology available from the manufacturer, and fully complying with the regulations of the Food and Drug Authority to ensure quality and operational safety.

Feed Mill Production Manager

Golden chicken Farms Company Saudi Arabia 04/2019 - 09/2024

- Collaborate on feed formulation in line with breed guidelines and nutritional requirements.
- Optimize operational efficiency to ensure production meets schedules and quality standards.
- Manage raw material inventory to ensure timely availability and uninterrupted production.
- Develop and train teams to achieve optimal performance while strictly adhering to safety standards.

KPIs / Achievements:

- Achieved 100% of the annual production plan with continuous operations and minimized critical downtime.
- Reduced raw material waste by 5–7% through improved operational control and daily monitoring.
- Implemented and monitored OEE, Plant Utilization, and Shrinking to support operational decisions and performance improvement.
- Achieved OEE levels of 80–95% depending on product mix, by reducing unplanned downtime and breakdowns and optimizing production planning to minimize changeover time.
- Developed integrated Excel-based systems for KPIs, traceability, and daily, monthly, and annual production planning, including consumption tracking and budget control.

Feed Mill Technical Manager

Arab Poultry Breeder Company "Ommat" Saudi Arabia 04/2013-04/2019

- Directly supervise all production operations to ensure maximum feed mill efficiency.
- Formulate all layer & layer breeder Formulas according to breed guides and nutritional requirements.
- Manage inventory and monitor delivery schedules to ensure timely raw material availability.
- Approve monthly production plans and oversee daily execution.
- Prepare and follow up on production and delivery documentation.

AHMED MOHAMMED ELMAHDI

PROFESSIONAL CERTIFICATIONS & TRAINING

- Microsoft Power BI – Udemy, 2026 (In Progress)
- Global Feedmiller Connect – Trouw Nutrition (Kenya), 2023
- Food Safety Management System (ISO 22000) – BEMCON, 2021
- Animal Nutrition & Ration Formulation – Udemy, 2021
- Total Quality Management (TQM) – Udemy, 2021
- EFQM – Nadrus, 2021
- ADISSEO Nutrition Academy – Adisseo, 2018
- TQM / EFQM Foundation – OMMAT, 2017
- Oracle Diploma – M.E.C., 2012
- Animal Feed Approximate Analysis – Agricultural Research Corporation (ARC), Sudan, 2012

- Ensure compliance with all regulations, quality standards, and food safety management systems.
- Implement biosecurity and hygiene protocols within the mill.
- Lead and develop the feed mill team, ensuring continuous training.
- Collaborate with the procurement department to prepare accurate budgets and forecast required quantities.

KPIs / Achievements:

- Increased production by 7% annually while maintaining product quality.
- Assisted in developing operational policies and procedures in compliance with HACCP and ISO 9001 standards.
- Reduced production costs by 13%.
- Decreased total downtime by 15%.
- Designed and implemented integrated Excel-based operational systems, reducing deviations and errors by 90%.

Production In-charge

Al-Khaleej Feed Factory

Saudi Arabia 10/2012-04/2013

- Managed production operations at a commercial feed mill specializing in Broiler and Layer poultry feed.
- Supervised production and operations using SCADA systems (Manual Interface) to ensure efficient workflow.
- Assessed the quality of incoming raw materials and finished products to maintain high commercial quality standards.
- Monitored inventory levels and production schedules to meet market demand in the commercial poultry sector.

Feed Mill Manager

NOR AL-EMARAT for Poultry Company “Normandi”

Sudan 10/2011-04/2012

- Manage all mill operations and oversee production in accordance with required specifications and standards.
- Coordinate external production with third-party factories when Pelleted Feed production is needed.
- Develop and implement operational policies and procedures to ensure efficiency, quality, and continuity of operations.

Feed Mill Supervisor

NOR AL-EMARAT for Poultry Company “Normandi”

Sudan 09/2010-10/2011

- Supervise daily production operations to ensure adherence to schedules and feed quality.
- Monitor raw material intake and assess quality to meet production requirements.
- Coordinate the production team to ensure efficient workflow in manual and semi-automated environments.
- Liaise with farms to ensure the timely delivery of feed according to the required type and quantity.
