PROFESSIONAL SUMMARY

Occupational Health Physician with over 10 years of progressive experience in petrochemical, industrial, and clinical environments across Saudi Arabia and Sudan. Holds the Licentiate of the Faculty of Occupational Medicine (LFOM) from the Royal College of Physicians of Ireland, Diploma in Occupational Medicine (DOccMed), MRCGP[INT], International Certificate in Occupational Hygiene (ICertOHTA), and Medical Review Officer (MRO) certification. Currently serving as Company Physician and Head of Medical Services at S-Chem Petrochemicals, overseeing occupational health and hygiene programs for a workforce exceeding 2,000 employees, while pursuing an MSc in Occupational Medicine at the University of Manchester. Proven expertise in health risk assessment, regulatory compliance, health surveillance design, hazardous substance control, emergency response, and cross-functional stakeholder engagement in high-risk petrochemical environments.

PROFESSIONAL EXPERIENCE

Company Physician & Head of Medical Services | S-Chem Petrochemicals Company

May 2023 – Present • Jubail Industrial City, Saudi Arabia

- Lead occupational health and hygiene programs for 2,000+ employees, including pre-employment, periodic, and specialist medical surveillance.
- Direct onsite emergency management, primary care, and clinical case investigation, ensuring rapid triage and appropriate referral pathways.
- Conduct systematic workplace risk assessments and develop evidence-based risk control measures addressing physical, chemical, and ergonomic hazards.
- Design and enforce medical policies aligned with Saudi MOH, MOL, and OSHA regulatory frameworks, ensuring organisation-wide compliance.
- Manage the company medical insurance portfolio, including negotiation, implementation, periodic review, and timely renewal.
- Deliver health training programs and awareness campaigns covering ergonomics, mental health, cardiovascular wellness, and seasonal vaccination.
- Oversee site clinic operations, budgeting, equipment procurement, and quality assurance across all worksites.
- Advise on fitness-to-work assessments, employee rehabilitation, redeployment, and return-to-work planning.
- Monitor employee absence trends and provide occupational health support to reduce lost-time incidents.
- Collaborate with HSE, HR, and engineering teams on continuous improvement initiatives and incident root-cause analysis.

Occupational Health Physician | Twareat Co. (Contract Assignments)

May 2017 – May 2023 • Saudi Arabia

Deployed as Occupational / Industrial Health Physician across three major petrochemical clients:

- Sahara International Petrochemical Company (SIPCHEM) — Feb 2023 to May 2023
- Saudi Kayan Petrochemical Company (SABIC Affiliate) — Dec 2019 to Jun 2022
- Arabian Geophysical & Surveying Company (ARGAS) — Aug 2017 to Dec 2019

Key responsibilities across all engagements:

- Delivered occupational health services including fitness-to-work assessments, health surveillance, and audiometric monitoring.
- Implemented hazardous substance exposure monitoring programs in compliance with BOHS and OHTA standards.
- Provided occupational hygiene guidance on noise, ergonomics, thermal environment, and chemical exposure control.
- Liaised with HSSE departments to integrate medical intelligence into site safety management systems.
- Certified as Remote Area Clinics Physician by Johns Hopkins Aramco Healthcare (JHAH) — Aug 2017.

General Practitioner | WEQAYA Medical Complex

September 2016 – April 2017 • Saudi Arabia

- Assessed, examined, and treated patients across a range of acute and chronic conditions.
- Stabilised urgent cases and coordinated timely referral to tertiary facilities.

General Practitioner | Port Sudan Teaching Hospital

March 2014 – May 2016 • Port Sudan, Sudan

- Managed diverse medical conditions in a high-volume teaching hospital setting.
- Participated in clinical teaching and case-based learning as part of the academic programme.

Resident Doctor | Port Sudan General Hospital

April 2013 – March 2014 • Port Sudan, Sudan

- Provided supervised inpatient care across general medicine wards under senior physician oversight.
